The place where we live is called our home and the area around our home is called our **neighbourhood**.

The people living around our house are our **neighbours**.

Some places of our neighbourhood such as rivers, hills, and beaches are **natural**, while some such as market, school, park, and fire station are **man-made**.

Natural Neighbourhood

Natural neighbourhood adds beauty to the surrounding. We can do boating and fishing if we live near a lake. We can go for a walk on a beach. We can go for trekking to the forest or to the top of the hill.

Man made Neighbourhood

There are many important places in our neighbourhood. They are very helpful to the people of the neighbourhood.

Identify the places of your neighbourhood. The clues will help you.

You study here. You meet your friends and teachers here. There are many classrooms here. _____

Where do you go when you fall sick? You see doctors and nurses there. They give you medicine. _____

Did You Know?

108 is an emergency medical service number.
